

**APPLE VALLEY FIRE PROTECTION DISTRICT
ENTERPRISE SYSTEM CATALOG**

Beginning July 1, 2016, the State of California required all local agencies to create a catalog of multi departmental systems or systems containing information about the public that store original records and post the catalog on their agency website.

The Apple Valley Fire Protection District in adherence with the latest amendment to the California Public Records Act (SB 272, 2015), has made available the following list of the enterprise systems it uses.
