

APPLE VALLEY FIRE PROTECTION DISTRICT
Description of Duties, Abilities and Work Environment
Non-Safety Personnel - Category II

Revision #1

Revision Date: 10/20/2009

Approved By:

PURPOSE:

To provide a general overview of the work commonly performed by non-safety personnel employed by the Apple Valley Fire Protection District and who are required to work routinely in a variety of work environments.

DESCRIPTION:

District personnel may perform duties in the maintenance, inspection, testing and cleaning of Fire District property, facilities, apparatus and equipment that may be routine or exceptional.

Tasks will vary in complexity and include scheduled inspection; testing, and servicing of running and non-running engines/heavy machinery/equipment, fire pumps and valves; disassembling and assembling parts; performing emergency repairs; and taking inventory. The work requires mental and visual concentration in detecting and diagnosing faults in dismantling working components and reassembling in accordance with manufacturers specific tolerances; in calibrating engines; in fabricating parts; and in reading fuel and temperature levels. Creativity is required in occasionally fabricating or designing modifications specific to user requirements, various items of metal work which may be required to repair or modify vehicles or equipment, or as might be designed to accomplish the objectives of a research project.

Physical effort is required frequently to climb, stand, bend and crouch, lift and move heavy equipment, and work in awkward positions to examine and repair vehicles and equipment (under vehicles, and on-site locations), using hand and power tools such as oxy-acetylene, arc welding equipment, power press, sanders, drills.

Members will read, comprehend, write, prepare reports and utilize computer equipment for a variety of applications.

Work is generally performed in accordance with department rules and regulations, standard operating procedures and general orders with or without direct supervision. Work performance is evaluated on the basis of initiative shown, fulfillment of job expectations and responsibilities, general conduct, and member participation on special committees and assignments.

GENERAL PERFORMANCE REQUIREMENTS

1. Ability to lift and carry at least 75 pounds, over horizontal and vertical distances of at least 25 feet. In addition, must be able to handle items in excess of 100 pounds.
2. Ability to climb or otherwise gain access to tops of equipment and rooftops.
